

Position Title: Adjunct Professor – Management Information Systems
Department: Business Administration
Reports to: Department Chair, Business Administration
Category: Adjunct Faculty
Appointment: Spring Semester 2027 (January 26 – May 19, 2027), Part-time

POSITION SUMMARY

The University of Toccoa Falls seeks applicants for an adjunct professor to teach a residential Management Information Systems course during the Spring 2027 semester. The course meets in person two days per week (Tuesday/Thursday) from January 26 through May 19, 2027.

SKILLS & ATTRIBUTES

The successful candidate will combine academic knowledge with practical experience to help undergraduate business students understand how information systems and technology support organizational decision-making, operations, and strategy. Applicant should have a positive work/teaching record, a passion to positively influence students, and an ability to communicate effectively.

EXPERIENCE & EDUCATION

A Master's degree in Management Information Systems, Information Technology, Technology, or a closely related field is preferred. Relevant professional experience in the field will be considered. College-level teaching experience is preferred. Candidates should demonstrate the ability to communicate effectively and to connect Management Information Systems concepts with practical business applications.

APPLICATION PROCESS

The UTF application as well as the list of other required application materials can be found at <http://www.utf.edu/employment>. Review of applications will begin immediately, and the position will remain open until filled. All application materials must be submitted for a candidate to be considered.
